NESBITT ENGINEERING, INC. NAMES NEW VICE PRESIDENT

LEXINGTON KY, AUGUST 12, 2008. Nesbitt Engineering, Inc. announced that Billy Joe Hamilton, PLS, has been named Vice President. In addition to becoming one of the company's three corporate officers, Hamilton will continue managing projects for the company's Prestonsburg Office. He will work closely with the company's president, Paul D. Nesbitt, MBA, PE, LS, as he transitions into his new role.

Hamilton, who has more than 20 years of experience in all aspects of land surveying with both conventional and GPS equipment, is a Registered Professional Land Surveyor in Kentucky. "Billy Joe has a long history of serving as Project Manager and as our Prestonsburg Office Manager", stated Paul Nesbitt, president of NESBITT. "His abilities as a seasoned manager, his skills as an engineer and land surveyor, and his outstanding leadership abilities really prepared him for this important step."

With offices in Lexington, Hazard and Prestonsburg, NESBITT provides engineering consulting services in a broad range of disciplines including solid waste management, civil engineering, mining engineering, oil and gas consulting, surveying and environmental sciences.
