MICHAEL MATT STEEN JOINS NESBITT ENGINEERING, INC.

LEXINGTON KY. Nesbitt Engineering, Inc. is pleased to announce that Michael Matt Steen has joined their company as a Senior Engineering Technician. Matt has a B.S. in Geology from the University of Kentucky, has professional experience working for the Kentucky Division of Oil and Gas, as well as project development and coordination. He will provide support to the company's civil engineering section.

The company's president, Paul D. Nesbitt, MBA, PE, LS, stated, "Matt's engineering and construction knowledge, along with his environmental and geological project experience, prepares him to take on significant responsibility in his position with NESBITT."

With offices in Lexington, Hazard and Prestonsburg, NESBITT provides engineering consulting services in a broad range of disciplines including solid waste management, civil engineering, mining engineering, oil and gas consulting, surveying and environmental sciences.
